

QUALITY POLICY

Amazon Oil Services is fully committed to the implementation of a Quality Management System tailor-made to ensure and manage the quality of the service provided to its Clients in the Oil and Gas sphere of operations and to manage Quality Procedures relative to all activities within the company with particular attention to those related to bespoke Client requirements.

The Quality Management System applied includes implementation of the International Standard **ISO9001:2015**

Amazon Oil Services has determined its main objectives to be as follows:

- Continuous evaluation of the quality of service being provided ensuring that Client requirements are being achieved.
- Enhance the education and training of employees to meet these objectives and to implement set procedures for consistent external communication.
- Commitment to establish Management goals related to the quality of services provided and to ensure that Measurable Objectives are defined, focused upon business needs, Client satisfaction and, where applicable, improvement to all levels and functions.
- Commitment to provide high quality service, meeting Client needs and expectations and satisfaction.

The above objectives and the policy in total are periodically reviewed to ensure that they remain appropriate to **Amazon Oil Services** work activities.

Amazon Oil Services Senior Management will ensure that this policy is understood, implemented and maintained throughout the Company and is available to interested parties.

Ahmed Mohamed Ghali
General Manager
